

THE PRINCIPLE OF CREATION

THE DIVINE BLUEPRINT OF EXISTENCE

To understand the work, one must know the artist.

To understand Man, we must know the Cause.

THE FUNDAMENTAL QUESTION

“Ever since the creation of the world
his invisible nature... has been clearly
perceived in the things that have
have been made.”

— Romans 1:20

The visible world is a manifestation
of the invisible Creator.

THE UNIVERSAL PATTERN OF DUALITY

Positive & Negative
Male & Female
Subject & Object

God exists as the harmonized subject of dual characteristics.

Inner Character & External Form

Sung-sang: The Invisible Mind (Cause)

Hyung-sang: The Visible Body (Result)

God is the Original Mind and the Original Body.

GIVE AND TAKE ACTION

The Pulse of Existence

The Pulse of Existence

Nothing exists alone.

Interaction generates forces for existence, reproduction, and action.

Examples: Inhalation/Exhalation, Arteries/Veins, Sun/Planets.

The Creative Process

1. ORIGIN
(God)

2. DIVISION
(Subject & Object)

3. UNION
(New Existence)

Fulfilling the Triple Objective Purpose.

The Four Position Foundation

The Foundation of Goodness

God → Subject → Object → Union

The eternal foundation for God to dwell.

The base for the operation of Universal Prime Force.

Why Create? To Experience Joy.

Joy is not solitary. It requires an object to reflect one's nature.

God created Man to be the direct object of His Heart.

Genesis 1: "God saw that it was good."

The Three Great Blessings

Genesis 1:28

- 1. Be **Fruitful** (Individual Perfection)
- 2. **Multiply** (Family Perfection)
- 3. **Have Dominion** (Stewardship)

First Blessing: Individual Perfection

Mind and Body united centering on God.
Becoming the “Temple of God” (1 Cor. 3:16).

A person who shares God’s feelings
cannot commit sin.

Second Blessing: The True Family

Expansion of God's love horizontally.

True Parents → True Children.

The building block of the Kingdom of Heaven on Earth.

Third Blessing: Stewardship

Dominion is not exploitation; it is Love.
The human body is a microcosm of the universe.
Harmony between Man and Nature.

Growth & Responsibility

All things grow through stages: **Formation, Growth, Perfection.**

Man's Unique Path: The Principle + Human Responsibility.

We inherit **Creatorship** by fulfilling our **responsibility.**

Formation/Evening

Growth/Night

Perfection/Morning

A man with dark skin and curly hair, wearing a white robe, walks towards the viewer on a rocky path. The sun is low on the horizon, creating a warm, golden glow. The man's reflection is clearly visible in a puddle on the ground. The background features rocky cliffs and some sparse vegetation.

The Bridge Between Two Worlds

Physical World (Soil) & Spiritual World (Fruit).

Vitality Elements: The spirit grows through the actions of the body. Our eternal quality is determined by our earthly deeds.

The Eternal Destination

“The dust returns to the earth... and the spirit returns to God.” — Ecclesiastes 12:7

Death is not an end, but a harvest. We create our Heaven here on earth.
